Declaration regarding “PPWR”

1. Products:

- All products delivered from Hueck Folien.

2. Hereby, we confirm that our packaging materials comply with the following legal regulations (in the respectively applicable version):

2.1. EU Reg. 2025/40 PPWR Article 5

The concentration of the following heavy metals does not exceed 100 ppm.

- Cadmium (Cd)
- Lead (Pb)
- Mercury (Hg)
- Hexavalent Chromium (Cr VI)

For packaging materials intended to come into contact with food, we confirm PFAS levels are below:

- 25 ppb for each individual substance and below
- 250 ppb for total PFAS.
- the total organic fluorine content is below 50 mg/kg.

This confirmation does not apply to packaging materials not intended to come into contact with food, such as pallets.

2.2. EU Reg. 2025/40 PPWR Article 11

3. General:

This declaration is valid for the product as described in item 1. and delivered by us.

The presence of ubiquitous traces of unwanted substances can never be excluded. For the end use of the material, we have no information, so we cannot assume any liability for the end use. Therefore, we delegate the evaluation of the final application, especially the testing of migration limits and organoleptic properties to our customer.

Please note that this information is based on the best of our knowledge and the information available to us from our suppliers. We do not specifically run any analysis on raw material(s) or end product(s) for this substance / these substances.

This declaration is addressed only to the above-mentioned company and replaces all previous declarations. It is valid for a period of 24 months after date of issue. In the case the delivery of the described product has been stopped from the above-mentioned company for more than 12 months this declaration loses its validity, even if the 24 months have not expired.
