

PAXAFE®

TAMPER EVIDENT PAPER FACESTOCK

PAXAFE® is a facestock material for security labels that shows an invisible tamper evident pattern. Trying to remove the PAXAFE® label, the hidden message appears and leaves a footprint on the substrate. The tamper evident pattern is available as generic patterns, a customization is possible on request. PAXAFE® is available on different kinds of paper surface, e.g. standard or security paper.

CHARACTERISTICS:

- Available on paper 60 to 200 g/m²
- Maximum width: 1,600 mm (63 ")
- Design options: VOID text, checkerboard, custom patterns on request
- Additional features: different coloured UV fluorescence, machine-readable taggants, security paper (fluorescence fibres, visible fibres)
- Topcoat printability: flexo, screen, offset with UV-, solvent- and water-based inks, thermal transfer, HP indigo, inkjet

For detailed information and samples of PAXAFE®, please get in touch with the HUECK FOLIEN team.
