

BRUSHED METALLIC COLOURED PET FILM

The brushed metallic coloured polyester based facestock film is designed for graphic labels and films. Colours like red, green, blue, black and many others get a special metallic effect on this polyester film. Brushed coloured films can be equipped with printable topcoats for labels or scratch-resistant topcoats with easy-to-clean properties for decorative applications.

CHARACTERISTICS:

- Directly metallized silver printable facestock film
- Available on PET 23 – 50 µm (0.91 – 1.97 mil)
- Maximum width: 1,600 mm (63 ")
- Design options: one side coloured, red, green, blue, black metallic colours, custom colours on request, different brush effects
- Surface finish: high-gloss, glossy, matt, supermatt, customised finishes available
- Additional features: printable topcoat, scratch-resistant, easy-to-clean, whiteboard coating, anti-fingerprint
- Topcoat printability: flexo, screen, offset with UV- and solvent-based inks, thermal transfer, HP indigo, UV-inkjet

KEY ADVANTAGES:

- Brushed metallic coloured PET film is designed for graphic labels and films
- Colours get a special metallic effect on this polyester film
- These films can be equipped with printable topcoats for labels or scratch-resistant topcoats with easy-to-clean properties for decorative applications.
