

Silskin®

Printable bright silver PE

Characteristics

- + Use of recycled aluminum
- + Sustainable base film available
- + PPWR: Monomaterial for easy disposal, free of PFAS
- + Available on PE 82 µm (other thicknesses on request)
- + Maximum width: 2.200 mm (87 ")
- + Surface finish: glossy
- + Characteristics: printable topcoat, food contact approval
- + Optional feature: backside primers for improved adhesive anchorage
- + Topcoat printability: conventional, digital or thermal transfer printing

Key Advantages

- + Special construction of the product provides an excellent metallic background and high-gloss mirror effect for decorative labels
- + Specifically designed for flexible objects and squeezable packaging
- + Perfect printability of the product is combined with a low gel level
- + Improved performance compared to transfer-metallised PE
